RE: Ben's Asphalt D&A Abuse Policy

(Excerpt from pg. 13 of Safety Manual)

Alcohol and Drug Abuse Policy

The use of alcohol and/or non-prescription drugs while working, regardless of the degree of use, is prohibited. This is a termination offense, regardless of the degree of impairment. Of note, each supervisor has authority to remove a person suspected of alcohol and/or non-prescription drug use from the worksite and order a use test. Even the use of prescription medicines or the inappropriate use of legal substances taken the evening prior can decrease awareness at a job site and significantly increase the potential of injury to self, others and/or damage to company or public property. Employees should be cautioned that if they are impaired or using prescription drugs, they should notify their direct report or supervisor of the medical necessity for the use of the prescription and their degree of impairment, if any. If any medication use states on the container that there are side effects that include the sanction not to be used when operating machinery, disclosure is mandatory. All efforts will be made to accommodate being assigned to other tasks, but in some situations, accommodation is not possible and the employee will be sent home. However, with the end of the use or verification there is limited impairment that is not an endangerment to others, the employee will be allowed to return to work.
